Sustainable Development

- ## Compliance
  - Environment : Reach, ROHS
  - Social : conflict minerals, human trafficking
  - Economic: customs tax & duties, classification (HS Code) & QPL / DFAR / ITAR…

- ## Product life cycle
  - Upstream : green raw material, eco-design
  - Downstream : raw material & packaging recycling

- ## Ecological footprint
  - Transportation : Reduce Carbon Footprint (including people)
  - Develop a paperless approach (digital devices for internal & external communications)
  - Push our supplier to set-up a green-oriented attitude
